### E-LEARNING TIPS FOR DEAF AND HARD OF HEARING STUDENTS

- Check hearing device several times a day
- Ensure batteries are functioning
- If you have an FM system, use it
- Keep background noise to a minimum (tv, open doors, children playing)
- Provide a quiet, comfortable space
- Access Closed Captioning
- Ensure computer volume is at a good level
- Computer is an arm's length away

#### DAILY CHECK

1. Test batteries
2. Clean hearing aid earmold
3. Listen with a stethoscope, sounds should be clear with equal loudness
4. Turn FM on, have someone speak into the mic, there should be no static or distortions of sound
